Thread: [Zebra Yeezy's I took an L](#)

Rhino - February 25, 2017, 5:32 am

I was using AIO bot for this release had a lot of proxies and was quite excited

i managed to add 5 pairs to cart

proof: <https://imgur.com/a/qtD0h>

but couldn't get them to checkout - i had no idea what was happening and still don't know why most of them couldn't checkout.

As you can imagine i got pretty angry that i couldn't checkout.

Then around 20 mins later i get a call from NATWEST (a big bank in the UK) to say they had blocked a payment to Adidas as i was seen as fraudulent.

These are selling for at least 1k, so i took a massive L today

i still have no idea why i couldn't checkout the other carts (on different cards), if someone knows why please hmu

Anyways did you cop?

theoldbrit - February 25, 2017, 7:41 am

Damn man what a bummer! I copped only one pair, straight to resell ;)

x2NaTe2x - February 25, 2017, 7:44 am

Damn bro... that sucks so bad lol. I ran into money problem couple days ago so I had to miss this one out.

Super Trapper - February 25, 2017, 7:45 am

Wow that sucks my friend is using the same bot and he was able to cop one from yeezysupply and adidas while I stared at a page for an hour and got nothing.

Networkboss - February 25, 2017, 8:05 am

Unlucky man but look on the bright side, there will be another pair released soon so you will be able to cop those ones.

Trivialities - February 25, 2017, 8:10 am

Is everyone like making money of reselling these or something???

Haha

spoofnodes - February 25, 2017, 8:10 am

Still insane how you were able to reserve 5 pairs. I didn't get a pair either. I didn't attempt to setup AIO because I personally have never had any luck with it.

Tsunfire - February 26, 2017, 5:05 am

I took an L too, well better luck for me next time. Was going to cop 1 manually but I fell asleep on the clock. I'll have AIO setup for next time, even though I bought it for this one.

It was my first time trying to cop and I did it manually. Do bots help you bypass the waiting room?

Were you successful in copping manually since you said you "did" and you "tried"? Just curious. :)

It's my first time too, but I snoozed on it. I'll be ready with proxies and ANB next time around.

I never denied how well it sells. I'm just saying, he's more than likely going to end up selling them to an athlete.

did u cop on adidas or yeezy supply, loads of people seem to cop manually on yeezy supply (it was US only so i didn't bother)

NeverThat - February 27, 2017, 8:52 am

I took a major L. Fuck that splash page and the Heated Sneaks Adidas bots "bypass splash" feature, haha. I didn't run their Yeezy bot, because I managed to get tons of email addresses for all other bots. Unfortunately it seems that the "password bypass" for that bot didn't work either. I managed to snag the password from Twitter in time to get logged in, carted, and checked out.....Or so I thought.

I still don't understand why anyone would pay over 1,000\$ for these shoes, they're just so ugly to me.
