Thread: [\[AUTOPILOT\] Method To Make \\$450,000 a Month!](#)

**Tid?es** - February 25, 2017, 11:30 pm

Ever wanted to make a shit load of money? Ever wanted to do it without having to put much work into it? You've come to the right place. With this ebook, I will make sure to teach you nothing at all. In fact, basically I just compiled a bunch of public shit that everyone already knows and put it into a shitty little PDF that i'm selling to retards like you. Isn't that fantastic?

Learn how to make millions a year so you can buy that car that you've always dreamed of so you don't have to flex your neighbor's car in the bragging rights section!

This method is TOP SECRET so nobody knows about it (with the exception of pretty much everybody). I will make sure to provide absolutely NO support on skype. It says that support is included but we all know that it's not.

And the BEST PART is that i'm only charging \$20 for this method! There's really nothing wrong with that, right? \$20 is cheap as fuck for that much of a return

There's a GUARANTEE That you will make this much money 100%. If you don't make at least \$100,000 within your first month I will PERSONALLY give you a full refund (I actually won't).

Free 1-on-1 mentoring is also included, even though I won't follow through with it.

There are 2 vouch copies available but i'm just going to pick my two best friends so they can write a pre-written vouch for me.

Price: \$20 BTC

**ohxerxe** - February 26, 2017, 1:57 am

Can I get both of the vouch copies? I'm your best friend

**Black Shadow** - February 26, 2017, 7:00 am

Yes give the vouch copys to your 2 best friends?

I think you would be best not to give it to your 2 best friends so you get a vouch we can believe.

I will take a vouch copy and give you a truthful answer.

Again, look up what probability means.

@OP, vouch, straightforward. People who don't read the thread won't read the e-book properly enough to make \$\$\$\$\$ for their rental lambo and their brand new e-book/course launch!

Considering the amount of variables that come into play when selling a product your statement is completely false.

If you put as much thought in your bets as your posts I can see why you've lost thousands of dollars gambling.

Bought this method for me and 4 of my friends, payed £100 in total.

This method was great, only had it running for about 3 hours but so far I've managed to make this much:

You read that correctly, One Trillion Seven Hundred and Fifty Billion Four Hundred and Sixty Three Million Three Hundred and Fifty Three Thousand Five Hundred and Seventy Six Pounds and Fourteen Pence.

The method was a bit long, that was my only problem, it required very little setup and as you can see its paying off well so far.

About an hour ago I was finally able to buy 100% of the shares in Microsoft which is something I've been wanting for a while.

I also condensed the method into this brief 16 second video for you guys because like I said, its very long.

Spoiler ([Click to View](#)) [Video: <https://www.youtube.com/watch?v=G41OotCm8a0>]

Vouch for OP, great methods, HQ user.

Very interested in this. I just have one question. Does this method include using internet in any way? If it's part of the method you can PM me the answer. I only have dial up so it's very important to me. Ideal would be if it used letters or pigeon messengers.

I can answer that one, the only thing you need to do is sit at home and the income comes rolling in, there is a little bit of setup though but pulling the recline lever on your armchair shouldn't be a problem.

You may also have to do some regular maintenance in the form of MRS GREN, refer to google for specifics on that one.
