Thread: [Instagram Verification Service \(Only Verification Service on Hackforums\)](#)

Logic7 - February 27, 2017, 5:39 pm

I'm able to verify certain Instagram accounts, will take 1-7 days. These will be legitimately verified by a rep so you'll have no chance of losing the tick. I'll be taking one request at a time.

The price of this service will be \$3000, will be raised after the first request based on demand. Only taking btc. Pm me showing proof of funds + the account you wish to verify. You will pay after your account has been verified. Failure to pay will result in your account + all linked accounts getting banned.

I can't guarantee that your account will qualify for verification, but I have verified a makeup artist with 1000 followers with no problems. (proof can be provided to serious buyers). I will submit up to 3 verification requests if they get rejected so your account will have the best chance possible for verification.

Also I know people don't check this section of the forums often so if you know someone who'd be interested send them my way ?

Please only PM me if you are serious about buying and have funds.

Interesting, verify a freshly made account with some arbitrary name for proof.

I could buy this verification service 1 time every two weeks because I have a good paying job & a on the side online money making method.

I'd buy a twitter verification service too if I could find a legit one, but all of them so far seem fake as fuck. \$3000 is nothing if you really want it, and if it works but not many of them do anywhere.

\$3000 isn't really that much to have your OWN IG verified without risk of losing the tick. People were paying \$1000+ for verified IG's that had the chance of losing the tick and many of them did. Hoping this is legit, GLWS OP, I may be back in the future for this.

Nice to see someone else offer this after i did. ;)

GL with your service.

Moopler - March 25, 2017, 6:36 pm

Did anyone actually get verified with this?

Lemur - March 25, 2017, 9:36 pm

Once there is more proof I will consider doing this. Has anyone had their accounts verified successfully yet?
