Thread: [Black Shades???](#)

Bob thomass - March 1, 2017, 2:40 am

Whats to stop from black shades happening again??

I mean HF policy is that you cant decompile paid software here right?

morph - March 1, 2017, 2:54 am

You can disassemble any software here without breaking the rules.

The backdooring or the fbi stuff?

The backdooring mostly but i guess both are tied together..

There's 50 shades of black now lmao. Pretty dank movie (I think) my guy. Should definitely give it a watch.

TreesBBurnin - March 1, 2017, 3:21 am

I always rock my blackshades inside.
