Thread: [Upgrade to L33T OR Emerald Donator Award |](#)

Troy - March 2, 2017, 10:05 pm

Winnings:

Emerald Donator
L33t Upgrade
EP1C

You will be like Virtuous why don't you upgrade yourself before others.

To be completely honest im not ready to upgrade , i feel like im too new. I have been making a fair amount of money through eWhoring and im just throwing them into awards. So i may aswell make somebody's day because that's what i love to do :)

So if you are already L33T/Ub3r - You can win the Emerald Award Or EP1C

If you are not upgraded - You can win L33T Upgrade

How to Win:

Tell me why you want it :)!

Good luck to all participants!!!

Entry Closes in 7 Days.

CASTIEL - March 2, 2017, 10:10 pm

if possible could I get the EP1C upgrade, instead of an award? if so I'll love to keep my entry here <3

phunted - March 2, 2017, 10:11 pm

This would be fucking awesome if I won this, we could have the same awards in a different order.

Just updated the main thread , so that you can either choose the award or EP1C :)!

Good luck with your entry ?

Mr.Peanut - March 2, 2017, 10:19 pm

Sweet contest! I'm posting to win Epic, I would buy it but all of my money is tied up in projects I'm wanting to start. I feel I would be a worthy entree due to me helping mannyyyy members on this site. I've done some giving back on the site myself. I do wish all members a good luck, Idk if i'm the most deserving member or the one who needs it the most but i'm still entering. Sweet contest op!

Tzuyu - March 2, 2017, 10:22 pm

Just to let you know, if you plan on giving the 3P1C upgrade away, I believe you need to have the upgrade yourself. Anyhow, I'd enter for 3P1C if you're giving it away. I would love the extra PM space and the additional features that come with it. Anyways, good luck to everyone else.

Entering for Emerald Award!

Thanks OP!!

Ubers - March 2, 2017, 11:03 pm

I would like to enter this giveaway! :)

I was just browsing through some giveaways, hoping for some luck then I saw your comment on almost every other post, decided to check on you :D

That's why I'm here.

The reason why is because I've been really active on this forum. Helping out people with premium accounts without charging, if they don't have funds. I'm teaching forex to alot of people without charges. One of my finest money making method was posted about months back, but it helped alot of people. :)

If I get upgraded, I will contribute more. :)

Thanks.

YinYang - March 2, 2017, 11:07 pm

Get yourself L33T man! The features are defo worth it

you're not 'too new'

Lexy- - March 2, 2017, 11:08 pm

I want L33T to increase my PM space and my horrid name. Deleting 100 PM's everyday gets time consuming and would just like a bit of an increase. Not only that, but I'd have that cool userbar.

Good luck to everyone else. :)

Tenseigan - March 2, 2017, 11:11 pm

I'm posting for Epic!

Thanks for this giveaway OP.

Concussive - March 2, 2017, 11:16 pm

It would be cool i could post to win the EPIC upgrade, I am trying to get a really solid currency exchange going, and I already have a bit of frustration with having to wait when sending my PM's. Thanks alot for doing this giveaway OP

Chuck. - March 2, 2017, 11:20 pm

I'm posting to win epic so that hopefully I can continue helping out the community that has helped me out over the past years!

Troy - March 2, 2017, 11:30 pm

Good luck to everyone that has just entered , Keep posting everyone there is still 7 days left :)

No?orious - March 3, 2017, 12:37 am

I'd get yourself L33t. Reward yourself.

If you're too modest, I'd like the award.
Why? Because I don't have any. :'(& I would like to begin my row.

Good on you for giving back to HF.
Thank you! ?

Kashmiri Hunter - March 3, 2017, 12:47 am

Traum - March 3, 2017, 12:48 am

Hey, thank you for this giveaway! I join to win L33t.

I don't have much money to spend right now, everything I make is saved for harder times so I can't afford L33t myself.

Good luck to all participants.

I don't want to double post as I entered another give away. My reasoning is here

<https://hackforums.net/showthread.php?tid=5561607&pid=54238601#pid54238601>

Or in the spoiler below

Spoiler ([Click to View](#)) I would like to win this for numerous reasons.

1. As you can see by my recent activity I've been assisting a few users
2. I have been mixing around with users from HF, from before the group's instinct was made and rebranded to night fall, I never signed up on here due to numerous reasons.. I made my way into the blackhand and Null. Where I am a reputable member withing groups.. I also managed to work my way into the group legends for two days (Skype group) before I left
3. I'm currently a student Persiing a career in cyber security
4. I have a CEH, OSCP, Comptia Net, Comptia SEC+, Cisco Network certifications
5. I have given stuff away to members including two nanocore licenses, also provide free mentorship to hacking offsite (pm me if interested)
6. I'm a nice guy :P
7. I'm currently working on a actual book that will be on sale at amazon (A guide to hacking, and ethical hacking), which I am currently 70 pages into, and will release for free on hackforums for the first few months as an e-book, the papercopy will be on sale for obvious reasons
8. I'll also be serving two years in the military to try help fund the rest of my master's degree, (I'll be joining the cyber defence unit in united kingdom)

I appreciate you giving back to the community and would like to wish everybody good luck

MightyOne - March 3, 2017, 3:08 am

I would like to get l33t becuae this way people will take me more seriously here, and i have alot of stuff to sell and giveaway, without being upgraded i cant \ would be alot more difficult to do so. i would be really happy to get the upgrade OP, if not thats fine aswell, i understand some people

and thanks alot Virtuous for doing this!

Anubis - March 3, 2017, 3:21 am

Is it possible to get another award instead of emerald donator?
If so I'd like to have any award of the same value.

I would like it because that way I'd fulfill 1 row of awards and I'd be extremely happy.
Only those who made someone happy, or those who made someone who's crying smile... know what a great feel that is.

Thanks for the contest

That freaking moment you see that someone else has won the contest...

Taking an entry for epic ! or the award

Seaking - March 3, 2017, 7:52 am

Award I'm hoping to get: Emerald Donator

Why: The reasons are cosmetic purely. I'm going for a every other award green theme. I'd love to keep the tradition alive and hopefully not mess up the combination. If I'm chosen I'd love you and it would make my day considering I've been looking for a Nintendo switch all day and everyone wants 600+ dollars second hand / every store is out of stock.

Thanks for the giveaway OP!

Elitas - March 3, 2017, 1:36 pm

Entering for the Emerald Donator award.

I definitely don't deserve it as much as some others out there, I have taken so much from HF and feel like I have not given back enough (althought I'm trying to :P)!

HF is a great forum, so welcome, and you're never too 'new' for L33T, it's a great upgrade to get and you'll notice the benefits, and it's certainly better than buying yourself awards. I really appreciate you giving everyone, myself included, a chance to win the Emerald Donator award, or an upgrade, and I hope to see you as a L33T soon. Good luck to whoever wins! :D

Anxiety - March 3, 2017, 1:39 pm

In all honesty I don't have some reason for why I'd like to win.

I would just love to have the Emerald award since I personally think it'll look awesome on my profile.

Kashira - March 3, 2017, 1:41 pm

FGO57 - March 8, 2017, 8:09 am

This post is my official entry for the contest, so maybe I got lucky for once.

blurryfacce - March 16, 2017, 1:16 am

Hope you're ok OP, from whatever got you in the hospital in the first place. I'd like to reach the L33T for the respect it brings, and contribute to the community (even with small things like wearing a sig for a week) Thanks for the contest, OP :)

Gangin' - March 16, 2017, 9:53 am

I want EPIC because I have done a lot of providing to the community, such as giving away free BTC to 5 or 6 people that were \$3-\$6 off from a purchase they wanted, sharing information, giving free EWhore tutoring to multiple members, giving away a free Beginner Ebook I wrote to the ewhore community (Payhip.com/Aelear), and all in all just am a good guy and deserve to be rewarded in the community for it, if anyone is.

Good luck to whoever deserves this more than me!!! (Not sarcasm, Im sure I sound like a cunt throughout all of this)

OxaByte - March 17, 2017, 12:53 am

Very nice service you are giving . Well i want to be leet because i want to help people here by proving my Free Services. I can provide free services as simple member also but as i am not leet , less people will use my free services because most of them dont trust me and think i am c grade

user. More people will use my free services because i am leet and i am trusted. i dont want to be upgraded to leet because its vip area their available . i am not interest in vip area. But i want to be leet because i want to be more reputated member in HF by my reputation, by my leet status, by helping people around that forum . I Am not here to earn money by hackforum by selling things, i am just here to build my reputation and learning stuff and giving away free services.

Jetz - March 17, 2017, 3:13 am

If you're still taking entries I'd like to enter for L33t please. I honestly don't deserve to win over other people who have contributed more but I'd like an upgrade because I want to connect with this community more. Being un upgraded has not really inspired me to post however I'm starting to change that.

Kaiba Corp - March 17, 2017, 3:17 am

I would like to enter the competition for l33t, thanks.

The reason why I want it: I think it would help me look more professional to other users and I'm planning on starting up my own Youtube Q&A thread to help out with any issues that people have on the site, such as; which networks are the best to partner with, what type of videos are trending at the moment, which is the best way to deal with copyright claims, etc. I also have all positive rep which I think will help my application.

Thanks again for the contest and good luck to everyone else entering. ?

Edit: Sorry I didn't realise there was already a winner because someone bumped the thread. Well done to them.

Thnx.

BTW, I think you should take L33T. Although my rank isn't very high, I've been on this site for about five months, and you have a higher rank than me for being "new". You're pretty HQ judging by your posts and comments, you deserve it.

I've been registered on HF for so long and never felt the experience of how it is being upgraded. I really do hope I win this and I wish all the other good luck. Thank you for the contribution tho.

I'd love to win this, I need to build a new pc so I'm going to make an email bomber to sell but first I need to upgrade my acc but I don't actually have enough money rn

Kyrus - March 31, 2017, 5:26 am

I want L33T because I'm still not upgraded yet.

I don't think I'll ever have enough spare money laying around for me to feel some type of way to buy an upgrade lol.

The winner has still yet to receive either the upgrade or the award.

Kisame? - May 17, 2017, 3:19 pm

I'd like the Emerald Award so I can increase the worth of my account, and thus increasing the money I'll make with my final exit scam.

Also I used to play Pokemon Emerald so I feel like I'm already chosen. I don't think there are many options left... I'll wait for the award.

Oh crap didn't read the last page I'm too late. I'm sorry Omni pls no ban for necro

KingpinFisk - May 22, 2017, 1:46 am

So, I wanted to get l33t, in order to sell keyloggers effectively. But I fucked up and bought EP1C with the last of my funds. I'd really appreciate it if you could donate l33t. Thanks for the opportunity OP.

You will be like Virtuous why don't you upgrade yourself before others.

To be completely honest im not ready to upgrade , i feel like im too new. I have been making a fair amount of money through eWhoring and im just throwing them into awards. So i may aswell make somebody's day because that's what i love to do :)

So if you are already L33T/Ub3r - You can win the Emerald Award Or EP1C

If you are not upgraded - You can win L33T Upgrade

How to Win:

Tell me why you want it :)!

Good luck to all participants!!!

Entry Closes in 7 Days.
