This is fake as fuck, not buying it. Anyone who believes this is stupid. Bill Gates is the "richest man in the world", only worth about 80-90 billion, yet you claim to have x10 the amount of him? Yeah right! Get over yourself you fucking skid. I reported you for lying and private messaged Minimalist, Eagle 95 (my best friends), and Omni (my dad's cousin). Have fun rotting in hell!

Prophett - March 3, 2017, 3:56 pm

Can you please create an eBook containing your secret methods
