rsx - March 4, 2017, 5:02 am

Like the title says i'm giving away 100k 8bp coins to the first 5 upgraded members that post. I'll PM you my ID and you will challenge me to a Toronto match and I will simply let you win.

Rules:

- Must have at least 100k coins (so you can challenge me to a Toronto match)
- Must be upgraded (leet,uber,epic)

Once 5 posts have been reached I will close the thread and PM the winners.

EDIT: Just waiting on a couple people, gonna close this thread. Cheers everyone.

Just a heads up, if you're doing this, there's a 50% chance your account will be given a first and final warning, and after that reset (coins and winning stats).

Miniclip have now started cracking down on coin transferring and the use of third party software.
