Jimmy is most likely one of the most trusted users on this site. I would trust him with absolutely everything I own, as I know he would never have the morals to scam anyone. Choosing Jimmy to represent your product/service is undoubtedly one of the best decisions you can make.

Vouch for Jimmy; I can't think of many people I'd rather have represent my product. He's a great guy with a LOT of high-quality posts seen by high-quality users, and this is a fantastic price for that kind of exposure!
