Our ptp rate depends on our advertisers, we have a bidding system.

We also have GPT system which is the most profitable system, most of HF users are earning from it, you can earn around 5\$ in just 30 mins

Usually you get paid 0.5 per email submit, make sure you completed the rest correctly.

Also some times it can take around 1 hour to be marked as completed

I completed 3 and it is over 1 hr already...When is the offer completed? when i put in my email or when i get the confirmation email in my inbox?

either way i have 3 confirmation emails received which says i have completed the submit.
