Thread: [WE NEED BETA TESTERS // PASTEBOT](#)

Katarina Du Couteau - March 5, 2017, 12:08 pm

We're looking for three beta testers for our new Pastebot.
The Pastebot is a revolutionary RAT/Bot which uses TXTs hosted on 3rd parties to communicate with its clients.

As said, we'd need 3 people to test and review it.

Testers must be trusted and will get the Pastebot to test it - for free :)

Tester 1: Hakai
Tester 2:
Tester 3:

I may not be trusted but I still need to farm posts. :D
We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

if I deem trusted, Im more then happy to test it out for you !

ASAC Schrader - March 5, 2017, 12:35 pm

I would love to test this, dont know if under your qualifications if im "Trusted" but its worth a shot :)

D?ceived - March 5, 2017, 12:37 pm

Id love to test this out if im deemed trusted

hunterr - March 5, 2017, 12:37 pm

Ill do it! This seems like a great idea.

Darrell - March 5, 2017, 12:38 pm

I'm not interested in testing this, but I have a question. What language is this written in?

i only want lasagne cmin

War On Retail - March 5, 2017, 5:53 pm

I guess I could test it for you. I have some free time during the days and would not mind helping you out. Just let me know if you'd like me to help.

TheBlueSuede - March 6, 2017, 6:58 pm

Is it possible to point it to a .txt on my website to run commands from?
