Why you didn't used a middleman for such a big transaction with a member that has small reputation?

I am sorry to see this, but be more careful next time.

It's not a 5\$ deal to not care about.

Anyway, I really hope this gets resolved.

Also, add this to the deal dispute database.

Sorry this happened; Kira the big nosed squidward looking black fuck has scammed countless people and still is on the forum. Very sad and hopefully justice is served.

As above.

Legit report.

You should change your title and include "PSN: Died" to receive a bit more attention.

This kid needs to be put to rest.

Well. There are always bitches who turn the back for money.

Just stay safe and use a trusted middleman, you can contact me anytime.

Whimsical - March 6, 2017, 7:44 pm

It is common knowledge among the PSN community that this PSN came with OG Email + Serial.

The price for such a desirable name makes no sense, what does make sense is that it was pulled back.

Seller of all people knows this?

Hope you get it resolved.

I will be more than happy to use you as a middleman next time. Thank you so much ?

If you look at the time he sent me the info and the time i got an email from sony saying info has been changed wouldnt make any sense. He updated the psn account sign in id at 1:15 pm then changed the email at 1:16pm and sent me the info to the account at 1:17 pm. Please look at the screenshots

This still hasn't been resolved.

You never showed the public, the kik convo and how you said the money wasn't sending, nor everything else about how you get the email. will upload some kik content. DWC OP snaked @chat from my brother no wonder your banned on ogf

SwordofJustice - March 7, 2017, 9:56 am

If you checked his neutrals and knew his history he pulls back PSNs all the time. The great thing about scamming for PSNs is that there's never any concrete evidence the seller took it back. I wonder how much he's made doing it.

This is about PSN Died and \$300 BTC. If you didn't receive the payment then why would you send me the info? Please provide video proof of our kik conversation, timestamps as well and make sure to show my kik profile "bc" <https://imgur.com/gNQ1G3c>

Its funny because you changed the email without me even receiving the info to the account. You are trying to back it up with me pulling back. Everyone knows you pull back and you are broke. There are 2 open scam reports. Look at the time the email got changed and look at the time you sent me the info. It doesnt make any sense you harmless broke piece of shit. Why cant you provide the kik proof as you said? You always respond 1-3 days later but your on this forum 24/7

Look at the time the email got changed.
