It's dead! Gone! Read the rules!

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

DDOS for Hire

DDOS for Hire services will not be allowed for HF discussion. Due to confusion between legitimate load testing services and illegal ddos attack services. So we will no longer allow any content related to SST services, ddos for hire, or ddos attacking of websites.

It was removed not too long ago.
