(Feb 22, 2017 03:43 PM)allonon Wrote: [\[CITE\]](#) Hello,

I have no words. I have no way to express the gratitude I have for this man. I sent money, but it won't ever be enough for what he has given me.

Just to set the scene about a year ago the fraternal grandmother of my son (fiancée's son) began making accusations of drug abuse in our home. She had no way to prove it. On October 26th we were contacted by CPS and asked to come and take drug tests. We went over right away and submitted out samples with ZERO hesitation. Our entire family including our son tested positive for heroin. We had no excuse. It was there in our system and we had no clue how to explain it.

Our son was taken from us. We've been non stop harassed by this lady. She was non stop, showing up at court dates spreading and making up lies just to see us squirm under her finger.

Yesterday HeyBuddy found me on Skype and asked me a couple of questions about what I was trying to accomplish. I gave him little information and most of it turns out wasn't even correct. Within MINUTES he provided me with new cell phone numbers, addresses, emails, icloud, PORN logins, PHOTOS, and most importantly TEXT MESSAGES and EMAILS of this lady fabricating lies about us, and conspiring with other people to make them come true. The most disturbing were day old emails that contained our address and information sent out to private detectives. I have spent the entire day printing documents. So many documents in fact I just returned from Office Depot with a 3 pack of printer cartridiges.

This man helped get me the information I need to see my son again. To have him come home. For him to be with us once more. Before yesterday I had given up hope completely. Our court dates were awful, she always showed up just to aggravate us. I now have proof that she put trace amounts of HEROIN in a few snacks that she sent home with our son, which we all ate at one point or another. I have emails of correspondence of her requisitioning heroin from multiple sources. Even better I have proof that she tried to do this back in 2013 and failed horribly. Even Better than that i have proof that she has been doing this sort of thing for the past 14 years. I called my lawyer ecstatic today. My fiancée and I CRIED OUR EYES OUT. I have never in my life been so grateful for any one person.

I'd also like to say that HeyBuddy REFUSED my money after reading the details of the emails. When he found out how wronged we had been he didn't want a dime. He also offered additional services at no additional cost.

The past year has been the most trying of my life. Our house has been empty. We've missed a year of his life. A year of him getting older and developing. A year of. My words just can not explain how thankful i am. Because of this man I will be able to hold my son again. He accomplished something that I can never thank him enough for. If you are wanting his services but have any reservation or doubt, please do not have any. He is professional and it literally took him minutes to accomplish what was needed. Within minutes he was giving me information that only someone who had accessed their information could possibly know.

I'm still new on HF, and due to all the scams on here I had given up on buying anything from anyone. I was approached by a couple of people when I posted that I needed help with this. I was quoted \$400, \$500. People acted like this was going to be extensive work. They wanted payment up front. Non stop harassed me on Skype. "Mystic Investigator" was the worst out of them.

HeyBuddy has given me hope that maybe not everyone on this website is bad.

Thank you again. From the bottom of my heart. I can't say enough how much you have helped me. I am still processing all the information, but each hour I spend searching the more I find over and over again. Thank you, a million times Thank You.

If you have any doubts about this man, or if you have anything negative to say, you are just a troll looking to bad mouth someone with a good service. No i don't know this guy and if i was uber or I33t i'd be able to give him positive rep. He is a life changer. He changed my life. I was looking at 6

years. Now i'm looking to not only have my son home, but to put this lying cunt ass whore behind bars. THANK YOU. From the bottom of my heart. Thank you.
