I received a vouch copy from these guys and I have to say that I am impressed with what they have come up with.

Let me begin with saying that they made clear that it is still WIP, which is not a problem at all because the method does work, they just want to keep on improving it :)

The method works flawlessly. (Give the GIF a minute, I know you want to see the 1k ._.)

And for the price of \$2,50 I say it's worth it.
Vouch!
