Thread: [Does the 1080ti bottleneck ryzen?](#)

You Just Got Sarged - March 9, 2017, 9:48 am

[Video: <https://www.youtube.com/watch?v=L34ZkAF9q9w>]

All seemed in margin of error and sometimes ryzen does noticeably better.

Narrate - March 9, 2017, 9:56 am

No.

There's nothing there that says it's bottle necking, or throttling.

No reason to think that Ryzen is bottlenecking the 1080ti unless the 7700k is also bottlenecking the 1080ti.

Exactly my thoughts here. Same can be said for the 6800k, and 6900k.
