This is our newest product. If you are looking into getting into the Twitter og market it's a must.

Scarlett Johansson - March 12, 2017, 6:24 pm

There is a lot of potential to make your money back with this program if you can claim some decent names.

NewZealand - March 14, 2017, 11:36 am

Well for some random reason SJ seems to be temporary banned, but good thing I am still here and able to answer all questions.

NewZealand - March 19, 2017, 7:40 pm

Just noticed that SJ didn't add a video or anything on here. Stay tuned for that! Works flawlessly.

Scarlett Johansson - March 20, 2017, 2:53 pm

If you know what you are doing, it is very easy to make your money back with this program. I'm not saying I approve of the ways but there is a lot of money to be made if you do it right. As always if you have any questions please do not hesitate to post or PM me! Thanks.

NewZealand - March 21, 2017, 8:12 am

Gonna have some pictures of the program up soon.

Scarlett Johansson - March 22, 2017, 4:59 pm

This program can easily challenge any thing else coded on the market today, if you don't believe me, I challenge you to find me one better and we can put them to the test. As always if you have any questions please do not hesitate to post or PM me! Thanks.

NewZealand - March 23, 2017, 8:05 am

Got a image up the actual program up.

NewZealand - March 24, 2017, 9:31 am

From what I have seen, this is the only OG checker for Twitter that is actually accurate

Scarlett Johansson - March 24, 2017, 10:32 am

I can say with a high level of confidence that this program exceeds any other program on the market. I urge you to find a better one and test me. As always if you have any questions please do not hesitate to post or PM me! Thanks.

Personally I wouldnt pay anything just cause I know how to make something like this, you have a really nice GUI though, maybe make a turbo? or find away to make it not be limited too 100 times per hour

We have a Twitter turbo. The limit is because of the Twitter api. Only way around it would be to ask the user to import a few accounts and some private proxies. I will see what I can come up with.
