the speed is average of 5k views a day sometimes it's more, it's very depending on the order quantity.

I have a faster tier, which can deliver up to 100k views daily.

**Cheese Doober** - March 17, 2017, 10:10 am

Do you have your own panel spot or are you reselling from someones elses?

High Retention Views are views that have watch time.  
Non-Retention is normal views without watch time.

**Null** - April 8, 2017, 7:01 am

They don't get your CPA Video ghosted.  
i'm using them for my current video and it's fine and generating leads.

I don't have drip feed option but my views aren't instant, they add to your video slowly so that will work to your advantage.
