Thread: [Youtube Genre That's Not Saturated](#)

YourTommy - March 10, 2017, 3:21 pm

So i was thinking. Is there a genre 'today' that is not saturated with shite and cancer, that you could possibly get more traffic and views than the other genres.

I'm sure there is a few.

But most of it is fucking cancerous.

Hmmm

Biking videos are currently not too popular

Besides that, ive got nothing

Ytube - March 10, 2017, 4:54 pm

There's probably a lot, but good luck trying to find one and then making it work properly.

Once you find one, master it for a bit, people catch on, then it becomes cancer. Good luck OP.
