Thread: [making a comedy show like big lez show](#)

Charmander - March 12, 2017, 11:27 am

if i made a show on you tube about this with more episodes and more drama would people be interested in watching this ? as i have great animation skills and it would be more detailed.

Modern day Hippy - March 12, 2017, 11:30 am

depending on how good your animation work is and how unique the show is it would be extremely easy to network across social media.

I recommend starting on facebook, animation teams can get verified on facebook if you know how.

but i'd def watch it op
