its like skype but doesnt keep records? ahhhhh the name is on the tip of my tongue,...help me out here

lust - March 13, 2017, 12:50 pm

Telegram? Jabber? Keybase?

ZCash - March 13, 2017, 12:50 pm

Do you mean XMPP or Jabber?

NurSpec - March 13, 2017, 12:51 pm

Jabber? That would be my recommendation.

mecklenburg - March 13, 2017, 12:52 pm

no

I keep thinking it starts with a d

I need a confidential and secure way to talk with someone across computers but the other person has no tech know how so it has to be simple

xArgs - March 13, 2017, 12:55 pm

I only know discord that starts with a d

You talking about Discord?

untrusted - March 13, 2017, 12:56 pm

Discrod? I'm feeling Discord...

lust - March 13, 2017, 1:07 pm

Is Discord secure though?
