Thread: [Our Lord and Savage Omni | Best of Omni's Savageness on a T-Shirt](#)

Leroy Jethro Gibbs - March 13, 2017, 8:49 pm

Removed. Omni isn't wanting anyone selling HF merch.

Philip J. Fry - March 13, 2017, 8:50 pm

This is valid, and i fucks with it. Plust i'd wear it in public since it doesn't say Hackforums on it :) Nice design dad.

Vegas - March 13, 2017, 8:52 pm

I mean I'm not a weird insecure mongoloid so I wouldn't have a problem wearing a shirt that said "hackforums" in public, but I'd definitely wear this too <3

Shit's whack.

Wompus - March 13, 2017, 8:55 pm

Looks like a decent shirt, but on the website I can't actually see the quote used because of my Laptop's resolution, would someone be able to tell me what it says ?

What's the quote? It's too blurry for me.

I updated the post with the quote and another version of the shirt. The back is different. Both shirts are 1 order print. So all you have to do is order 1 and they will ship. I was able to lower the price.

The "campaign" ends on Friday. You might have to get it sooner if you want it. If you like it that

much though, I'll restart the campaign if you need an extension. The second shirt is also cheaper. I can't change the first ones price.

Do you know any that standout? I haven't seen any that are as funny as the quote I have on the shirt. My main issue is space for printing. The quote has to be kinda short but also clear as to what hes saying.
