Thread: [100% FREE || AutoPilot \\$100+ /day || Autopilot Money Crusher || Sold by Tigri \\$14.99](#)

-DMS- - March 14, 2017, 12:18 pm

Hi there!

As most of my customers know, Tigri have been hosting my ebook here on HF for a while until it got leaked towards a other community and i decided to have the thread & sales closed down because in our opinion it wouldn't be fair to keep on selling something that is posted within a other community for free (disregard the fact that it was leaked).

When i sold this ebook i provided a ton of premium content & must have advice with it through skype, i won't be doing that anymore.

If you are interested in this ebook + video for free then POST here below a request and i'll send you a store coupon of 100% discount

Original Purchase link: <https://rocketr.net/buy/1e4f780a36eb>

Dont forget to show some appreciation and i might endup sending you premium content regarding the method.

Devil - March 14, 2017, 12:24 pm

sad to hear about the leak .. i would like to know more about your product and try it ... kindly send me the coupon code
thanks

Excalibur' - March 14, 2017, 12:25 pm

Sir Piffalot - March 15, 2017, 8:01 am

Sad that the ebook got leaked :/ But in this case good for me I would like to take a look at it ?

-DMS- - March 15, 2017, 8:03 am

Check inbox guys :) Enjoy!!

& Thanks for the support regarding it being leaked, appreciated.

Sir Piffalot - March 15, 2017, 8:15 am

So I've got the method and it looks really solid and when you follow the steps you can really earn that much but it doesnt really have to do something with btc autopilot. You just setting up a shop :) but anyways thanks I will try it out!

The RocketR Shop makes everything on autopilot (paypal & bitcoins) it isnt a must have tough and as you noticed it's a very minor part of the whole method, you can go as advanced as you like regarding the actual methods.

And yes you indeed earn the amounts claimed you would earn, even ALOT more if you use your creativity and go even more advanced then the advanced method ^^
Enjoy m8!

chznce - March 15, 2017, 1:05 pm
