Check your email , i see order already completed and code delivered . Sorry i do not take PayPal
But next time you wanna buy let me know i can take Perfectmoney / Okpay . If you want BTC
transfer faster then sadly you have to add bit more fees, +0.0005 works well for me .

Bought 2, \$150 credits. Unfortunately, the start date wasn't till Oct 1st for those credits which I didn't know about, so they didn't apply to my September bill :(A little bummed about that, but the credits did apply and will work for October so they do work.

Will you be getting any \$200 credits any time soon?

200 has not stock sadly at the moment , you will see update on thread once it come . Well officially credits cannot be used for old dues but some users do apply them however which i don't know . That's weird because I did apply them before the first of the month. Any luck with the \$200 credits? I want to buy more credits before next bill is due, but I'm worried I'll have same issue as before where it doesn't apply until the next month.
