Thread: [\\$2 Personal Method For Making BTC \[UNSEEN\] \[FRESH\]](#)

ShennagigansDN - March 16, 2017, 1:51 pm

I'm selling my personal method for \$3.

NO COINBASE OR OTHER BTC SELLER NEED WITH THIS METHOD

I've been using this method for a couple months now with no issues. This is my first "ebook"/guide so it's not pretty but it contains the need to know information that I have put together for you. It's a simple method but one that requires very little work and can produce great payouts.

If you're interested just reply here or PM me.

As this is my first ebook/guide and it's fairly cheap I will not be giving out vouch copies on this one.

BTC and other altcoins only, may consider paypal depending on person.

Code Faith Connors:

purchased, it will make you more and more money and it does require an initial investment but if all goes well you'll be profiting relatively easy.

not bad for 2\$

Code Plugs:

I don't have the full method. But I got some steps, and it looks promising.

Also, for so cheap, I think it is probably worth buying for anyone who wants to make some extra money.

Vouch for this method so do not hesitate to buy.. you will make your money back.

Little rough on the setup because I've never linked so many accounts together before, but once that's setup...I would never leave this if my Steam account didn't have a 7 day restriction on this for newer accounts. Awesome job indeed.

This is the type of stuff that lets me know when I start making money and get my ass out of the sand to help people back. I'm a f'ing doof and I couldn't even mess this up at how simple this is.

NP thank you for the words! If I make a couple sales I'll drop you the full version for free.

This is super cheap due to it being my first method. Minimal work, but some required. Online now for the next little bit.

Thank you! I didn't want to charge a insane amount. I like making money but I like seeing others make money also!

I just ask that anyone who has bought that just drops a vouch and rates the rocketr store. TIA.

Thank you for the feedback! I'm glad people are liking this! It's so simple and so easy and the reward is nice hahaha. I should be charging \$10 for this but I can't see the point in ripping people off when I did minimal work lol but it works. Simple yet effective.

Does this method include refund/chargebacking?

What do you mean?

If you're asking if this method is about chargebacking or refunding: NO

This is a selling/exchanging method and with this method you are protected against such claims.
