No credit card, PayPal or phone verification needed!

[Assuming it worked and helped you out]

1. Go to this link and select Use for Free: <https://windscribe.com/signup>

Screenshot 1 <https://ibb.co/gvS5Jv>

2. Register by selecting "Use for Free" option and click the "Have a voucher?" button and enter this code to get 50GB instead of 10GB: 50GBFREE

Screenshot 2 <https://ibb.co/hgyZBF>

3. Create the account and Confirm your email and you are done. As you can see we have 50GB instead of 10GB completely free!

Screenshot 3 <https://ibb.co/isyqka>

They do not keep logs and you can torrent with it, unless you see a crossed out P2P icon next to a location. I have tried almost all locations and I've never seen that icon. If you have more questions check their <https://windscribe.com/faq>

Enjoy...
