Thread: [Is asking for reputation allowed?](#)

any ideas?

7. You cannot ask for or offer reputation in posts, signatures, or PM. This includes encouragement like "rep is appreciated".

Seems like nothing can be done if it is offsite. Can another member confirm this?

yeah but I know which HF member did it.

I'm pretty sure he can still be banned if I can proof its his skype

Obviously this is not allowed buddy.

YinYang - March 19, 2017, 3:56 am

Report this to staff.

Asking for rep and bumps are not allowed.

NinjaLeaks - March 19, 2017, 3:58 am

Not allowed, cant tell you 100% on what the consequence would be that's up to the Admins.

Cha0 - March 19, 2017, 3:58 am

Come one man, that's insanely obvious.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

Guys. Yeah its not allowed. But that was OFFSITE in Skype. Not in HF.

Most likely Staff doesn't care. It could be faked. Skype needs to be proofed that it belongs to the right user.

Also what this user said:

Seems like offsite does not really matter. Can staff confirm?

You cannot ask for rep no matter where it occurs.

Eagle 95 - *March 19, 2017, 4:01 am*

Not allowed. If you have any on-site proof such as PM's/posts, send a pm to Omniscient.
