Why the Thread Design looks so bad?

**The Singularity** - March 19, 2017, 6:59 am

That's literally a screenshot of the thread design on photoshop, lol.

**Caleb™** - March 19, 2017, 7:06 am

Hey man, any vouch copies available?

**Frankey** - March 19, 2017, 1:33 pm

You might want to actually export the Photoshop file to a .png or any other supported image format. Because at the moment it is a screenshot of the Photoshop Project File.

GLWS! :D I can vouch for MattieWasTaken! :-)

**James Bond™** - March 19, 2017, 1:34 pm

At least he tried with the thread design lol. Made my day.

Would love to get a vouch copy though.

**Wompus** - March 19, 2017, 2:16 pm

The thread design wasn't made by me. I know it looks dodgy but it was all I got. I've asked the creator to send me a more HQ Image.

Vouch copies receivers have been selected and will be sent out soon.

When it comes a time for a man to take a leap of faith in life, it is an opportunity he should grasp with both hands, for no matter what awaits him at the bottom it should be how he reacted for having

to jump that he is recognised for.

Shit quote by me.

Why not take the leap and purchase this Instagram Turbo today, it's not shit unlike my quotes.

Ultimately, leadership is not about glorious crowning acts. It's about keeping your team focused on a goal and motivated to do their best to achieve it, especially when the stakes are high and the consequences really matter. It is about laying the groundwork for others' success, and then standing back and letting them shine.

You can run as many instances as you require, it doesn't matter.
