Thread: [iMacros script for addmefast or any Likes share sites](#)

Surge0n - March 19, 2017, 8:28 am

Where can i get imacros script for addmefast or for any other site like addmefast. Thanks people

Cheese Doober - March 19, 2017, 8:32 am

All of these either dont work or will get you banned. If you find a paid one it might work.

CanadianBacon - March 19, 2017, 1:32 pm

I have like 50 scripts that are actually very extensive and made me about 10k points per day on average although i recently tried them and my account got banned in a couple hours.

i'd recommend going with a bot since they work better.
