I've been in the runescape scene since 2006 and I've been ratting and gold farming since around 2010. I'd be willing to take a vouch copy and leave a review of it :)

I've received a vouch copy of this ebook and am doing a simple review.

Quality 9/10: It's an easy read, easy to comprehend, and very easy to set up.

Methods 10/10 The methods are great, and are a for sure way to get you multiple 100m+ accounts. He also includes a method of spreading that you could implement to increase your downloads and executions by incredible numbers. The method he gives you to get people to download it is incredible and I never even thought of it but now that I've seen it wowzers it makes me think why I didn't try to do that earlier :(

Grammar/punctuation 10/10 Its very much readable and understandable.

Overall 9/10 Very pleased with what is contained.

This looks very promising. How time consuming is the method?

Gengar.exe - March 20, 2017, 11:50 pm

You say limited copies but only specify how many vouch copies are available. Once more reviews come in I'll consider it.

The more time you put in the more success you will have. If you try to half-ass it you will encounter failure.
