Thread: [Best Boxing Anime! Hajime no Ippo](#)

**f o r m i d a b l e** - March 20, 2017, 2:35 am

I'm an MMA and Dragonball fan, so today was watching MMA and I found this.

Hajime no Ippo

Here he's doing a peek a boo stance.

I'm on 4th episode and enjoy it like I did Dragonball Z. Thus far I learned how to do the straight punch, uppercut, and how to go faster all by watching this.

As MMA practitioner myself, it shows some really detailed boxing lessons.

I recommend to MMA, DBZ fans, and who wants to learn boxing.

Old but gold! Keep it up and you'll love everyone and you'll find yourself cheering for everyone.

Loved it, just finished 3rd season few days ago its in the top 5 shows for sure, I am big MMA fan. His style is basically Mike Tysons. It gets a lot better later.

Good and incredibly motivational anime. I felt like I could tackle cars after watching it.
