Thread: [I'm definetely stopping, e-whoring is bullshit for beginners](#)

KingAllDays - March 21, 2017, 9:41 am

E-whoring for beginners is bullshit, all about traffic luck on saturated sites, packs doesnt change anything for me, tried verifications, tried changing kik, but can't make shit, started e-whoring in March 2016, stopped one week after. Tried again on July, same. Tried again 1 week ago and gave a saturated pack to a friend, we using same traffic, approach and guess what ? 400\$ for him in 5 days, lol. I keep getting timewasters everytime.

So in 3 weeks (almost a month) I did... 150\$, lol. I rarely get buyers, they doesnt come back. I never send them nudes before they pay, but they all need to see "ass" "boobs" to "know what they're buying" or running away at payment time, or asking for impossible things I don't have in my pack.

My conclusion (3 weeks of e-whoring) : e-whoring for beginners is completely dead, all about traffic luck. But e-whoring isnt dead for old e-whores/e-whores with experience, they can even e-whore on Habbo they still success.

Bye, I definetely stop this shit, deleting all packs I got and uninstalling Bluestacks.

Simona123 - March 21, 2017, 9:47 am

I guess your friend can just talk to people better. Happened the same to me but I still made good money.

Too bad that you feel this way, but hey, it's your decision.

Take care and good luck further :)

MilfMister - March 21, 2017, 10:27 am

Like really? I use free pack from here, so saturated as hell, saw many post on kik friender with same girl as I use LMAO.

Using like 3 sites where I post, saturated as hell, still. When I decide to earn something, I do earn it.

Yesterday, 2 hours- 40 euros. I do not even try hard or something... So I think just SE is my thing?

Don't get me wrong, but 2 hours €40 isn't "your thing" it's not that great.

Try to get €200+ for 3 days in a row before you start being cocky (or try hard at least...)
If you keep this "SE is my thing" attitude, your revenues will drop enormously eventually, trust me on that.

@OP:

Don't give up, try & experiment & adjust where needed.

Anyway, I am done with research about eWhoring since January, so try to post something relevant and recent thanks.

instead of giving up try and ask people for help lol

fleischi93 - March 21, 2017, 11:12 am

Getting good traffic is really important, I'm currently struggling myself with exactly that. Years ago, made a decent buck but I can't find any buyers right now. If anyone knows some sites for german Kik traffic hmu lol

Prophett - March 21, 2017, 11:14 am

It's a waste of time in my opinion. I'd rather earn money doing something else.

If u know what u do and ur really good at it u can earn some serious amount of money. and maybe find some sugardaddies :)

Mr.JohnnyMix - March 21, 2017, 11:19 am

You're doing something wrong, ewhoring is for beginners. You just need to post the right ad and work on your convos. I'm using 2 girls at the same time and the most saturated girl you can imagine made me \$35 last night and a current customer will buy again today. Experiment with your convos, try to identify the timewasters and buyers.

Vaynex - March 21, 2017, 11:22 am

ewhoring for a month have made \$500 feels good.

Its okay though, its not for everyone, you can leave more for us then

You must not be earning a fair amount of \$\$\$!

Kaleb - March 21, 2017, 1:37 pm

e-Whoring is wack as fuck anyways.

I have a hard time believing anybody is making reasonable money e-Whoring, and even when they do it's usually in Amazon Gift Cards.

I'm 18 and making just enough to have a good time before I move out. I ewhore throughout the week, and blow all the money going out clubbing and shit. It works well :)

Doubt anyone could actually make a living off of it though. Maybe enough to pay rent if they had good methods.

I have made 15\$ in just 15 mins and 20\$ before in less than 5 mins yea as Amazon giftcards because they mostly chargeback easily via PayPal.

Have made doesn't dictate what the norm is though. I'm sure there's a lot more stories like OPs than yours.

? Quick ? - March 21, 2017, 2:27 pm

This is just you. Ewhoring is very profitable OP. Take a break and get back to it if you really care enough. Easy cash to be honest.

KingAllDays - March 25, 2017, 4:18 am

So I tried once again, with the same pack and traffic as my friend (he changed pack and I am using his old), I did exactly what he does, but now I get a new brand of timewasters the "ass guys", who asks to "see the booty" or to "turn around", all the guys that says that are interested to buy says that (I insist on "says" because they aren't even real buyers lol), I didn't even give them nude preview, sometimes I block them sometimes I insult them before blocking them...

You either have

- a) Bad SE skills
- b) Shit traffic

Most people here post fake ewhore earnings don't believe anyone lol

Sydneyxoxo - March 25, 2017, 9:30 am

Sell your preview photo for one dollar, say you need to know that they really have money and are not wasting your time
great way to weed out time wasters

Well, why would you use your friends old pack when you have the same traffic as him? Wouldn't it be better to get your own one? Also, you should write your own texts, sure, he might have gotten lucky to make 400 bucks without a sob story but that doesn't mean it always works that way. Just trying to give you some suggestions. It also took me a long time to earn something but it finally worked, just try to tweak your stories and have multiple packs ready so you can easily switch between them if it doesn't work out with one.

Spam.bat - March 25, 2017, 10:24 am

I used a free pack as a complete beginner and got money on my first day during my first hours too!. I can tell you it's all about your approach. I found out that some people skipped verification just because my "girly chatting skills" evolved. You can convince them you're a girl without verification at all. You just have to keep trying dude. Made money on my first day and didn't do anything for more 3, it's normal. I just got another 25\$ while writing this. You just have to build trust with them sometimes that's all. Ask an old E-Whore for help. I hope my comment added something useful.
