Vouch for Staid & Neat's E-Currency Exchange Service, just did an Exchange with Staid and everything was perfect as always. Do not hesitate to contact them, they are trusted!

Paul Allen - March 27, 2017, 12:53 pm

Neat & Staid's E-Currency service is unparalleled on HF. I just today had a \$651 USD transaction for my BTC and my BTC took close to 2 hours to even appear on any block explorer. I was impatient (unfortunately) but Staid was calm and even had Neat message me to assure me that this was standard and everything would work out, and that all that was needed was patience. Eventually, it

went through and they paid me right away. Have no worries when dealing with these two, they are class and will set you up in great time with ease and efficiency. Eternal vouch.

Roberto Scorpius Malfoy - August 11, 2018, 1:20 pm

Been using this service for many years but it has come a time that I have to admit that they are not good as they used to be.

He is advertising skrill as a exchange method but when you ask him to exchange with skrill he says "its not verified"

It doesnt matter if its verified or not you can still get the money

Then he replied with saying "it takes ages to use the funds"

Worst shit I have ever seen will never deal with you guys again.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

T O P - April 30, 2020, 8:09 pm
