Thread: [One anime to save your life?](#)

severos - March 24, 2017, 11:41 am

So, there's a crazy senpai anime freak who tied you up and put a gun to your head, you have one chance to survive, recommend him/her an anime to watch, if he/she likes it then you're dead, if he/she doesn't then you'll go free.

What's the anime name that'll save your life??

SpaghettiMan - March 24, 2017, 11:59 am

Assassination Classroom. One of my favorites. It's really popular though, so it's likely the crazy anime freak would've already watched it. Whoops, I'm dead. Edit: Also Fate/stay night: Unlimited Blade Works has some of the best fighting scenes in all of anime (HD quality fights, I literally jizz every time I watch them).

Edit 2: LOL an anime he won't like?! Fuck, I didn't read the post correctly. Um, any of those 12 episode shitty harem anime with a "willpower over everything" / "friends over all" pussy MC Imfao.

Esdese - March 24, 2017, 12:07 pm

So pretty much to save my life I have to give him an anime he will not like right?

That's easy, Clannad.

Larceny - March 24, 2017, 12:10 pm

Deany - March 24, 2017, 12:11 pm

Guess you'll be the first to die in here XD

section of an autistic forum. Not really, this came to my mind when a friend tagged me on one of those annoying facebook posts that says: "you have 1 phone call, if the person you call answers then you're dead, if he doesn't then you live", so I just changed the theme to match the section here <(o,o<)

Mars of Destruction, no contest - unless they are also an ironic meme lord.

I think I found the lowest possible rated anime in MAL, so this one definitely would suffice here:
