It began publication in July 2012 by Akita shoten, currently 14 volumes out in which 48 chapters are translated into English. Mahou Shoujo Of The End also known as "Magical Girl Apocalypse" in english is a Japanese action-horror magical girl shonen manga series written and illustrated by Kentaro Sato

Plot Kii Kogami hates his normal everyday life and wishes for something to happen. One day in the middle of class, he looks out the window and sees his teacher's head explode when a little girl hits it. He goes to the bathroom to calm himself, but when he gets back to the classroom, he finds most of his classmates killed by the same little girl.

My Opinion Besides all of what I just said, I personally loved reading this, but sadly there is only monthly translated releases =(. Pretty good for those who like gore, a BUNCH of plot-twists, death, and a lot of other things. I'd suggest those who haven't read this to read it now. I found this Manga today while randomly checking out I've seen before through the "updated" list of the site I use and came across this one, read all 48 chapters since I woke up and loved it. Once again, definitely read this if you have the spare time.

I didnt even read the thread and only read the synopsis and I clicked on the mal link and set it to reading instead of watching on accident because I thought it was an anime

I've read this and it is actually weird as fuck.

It's gorey and recommended.

I stopped reading after the thing with the dad. I think it was time travel or someshit, I don't remember. When I was reading it the chapters were coming out extremely slowly. I don't even think its complete.

It can get mad confusing, but still pretty good to me.

I wish it was an anime, along with a bunch of other manga.

This is indeed weird as fuck but it just took my manga virginity.. Although the only mangas I've read were Drifters and Ajin but I only read them because I couldn't wait for new anime episodes.

Summary so far: Spoiler ([Click to View](#)) Cursed loli chick that is immortal and can fly hits people with her deformed umbrella and turns them into goth style dressed zombies Imfaoooo

UPDATE: You know what... This is just plain fucking creepy

UPDATE 2: Does the police guy remind anyone else of Shinji from Bleach? ... Wow the rapist got superpowers.

UPDATE 3: That soldier girl is literally Mikasa loool

Okay I'm on Chapter 20 and i'm honestly so fucking mindfucked right now

I have no fucking idea what the hell is going on. The artwork is way too scrambled and shit.

Someone explain please
