Not sure how much people care about this series, but the author died recently. Unsure if the series will continue as it turns out his brother did the art for the manga.

Did anyone here enjoy the series, or would recommend it? It seems like a lot of people want a second season.

I enjoyed the show, never read the manga I'd still like for a season 2 though tbh. Sad to hear about its creators passing though none the less.

Esdese - March 26, 2017, 8:40 am

I'd kill to get a season 2, it's always been one of my favorite shows cause I love Zombie stuff and anime ass

Stashyy - March 26, 2017, 8:43 am

Always wanted the manga to be finished but I knew it won't happen. :/

recv - March 26, 2017, 8:46 am

That's a shame, haven't seen the series yet but I enjoy a lot of the art I have seen. Will definitely have to give it a watch now RIP.

DerMensch24 - March 26, 2017, 10:20 am

Never got around to the manga or anime, but still a shame to hear.

Overrated shit tier show, shame he died but the show wasn't special.

Zilvis - March 26, 2017, 5:32 pm

I watched the series, and it was okay. But it's always sad when someone that provided a lot of people entertainment passes away.

oscast - March 26, 2017, 5:39 pm

I would not like a season 2. The ending was fine for what it was, and having more would make it a cash cow.

Sorun - March 27, 2017, 12:10 am

First season is all I watched and it was okay. Was the drifters or whatever it was called any good?

drifter is a spin off.
it's full of fan service and has nothing to do with the story

Getsuga - March 27, 2017, 7:34 pm

This is unfortunate. The anime had a really big fan base on myanimelist. I personally gave it a 9 my mal because its the best zombie ecchi anime ive ever seen

I loved the manga. I wanted to see more but I knew it would never happen after chapter 30 smh.

Is the manga on Crunchyroll

Money- - March 28, 2017, 2:07 am

Sad to hear that. Well I actually did enjoyed it in the past. To think of it right now it won't hurt to have a season 2 to see hows the story going to continue.

Edit: Took AOT some time to release a s2. Kinda lost interest in it lol.
