Thread: [\\$19.99 - JTJ's Premium FIVERR method - \\$40 per week, every week!](#)

Tired of methods that promise money with supposedly minimal effort that actually require a lot of knowledge and know how to set up? Well, this is the method for you. Everything you need to do and say can be found in this ebook, and I'm also offering support to anyone who finds any trouble with it.

I will be limiting the amount of copies sold to avoid saturation, so get in now before that damn door shuts!

I would be willing to receive a vouch copy and provide a detailed review and analysis if you are willing. If not, I will definitely save up as your products are wonderfully brilliant!

Thanks for the kind words Citizen_Erased! Unfortunately I've sent out all the vouch copies I intended to thus far, so I'm currently waiting for their reviews. If they don't get back to me soon though, I will send you a discounted copy for review if you'd find that agreeable :) thanks again!

PayPal is fine :) all I ask for any future potential customers that if they want to pay by PayPal is to do so via the rocketr page, or to post on the thread asking regarding paying via that way so there's a record of it in case of any disputes. But as we have been in communication for some time, I trust you!

Please do! Just made an additional \$40 from this method just for copying and pasting some replies to customers!

This seems interesting. Good luck with selling it.

Thanks Layout! It's making me some good money so figured it's gotta be worth selling for other members to do the same with :)

Just cashed out another \$80 from this method for doing pretty much nothing but copying and pasting!

JamesTayJohnson - April 14, 2017, 2:19 am

To anyone interested in buying, I will be away for the next week or so, so I won't be able to offer support during that period, but the method is self explanatory and I will be checking emails via my phone so will do my best to answer any questions. In the meantime, feel free to still buy and ask other users who've bought for their experiences for any assurance, and I'll give all the support I can upon my return. Thanks!
