Thread: [Iphone Dock for 1.90\\$](#)

?thereum - March 28, 2017, 8:38 am

Few weeks ago i bought a iphone dock from aliexpress for 1.8\$
i wasnt really expecting much.. But when i received it today it exceeded all my expectations..

Its plastic shit quality but it does what it says.. Holds my iphone 7 pretty stable and also charges it without any errors..

tought id share this, since its a pretty good deal :

<https://nl.aliexpress.com/item/CinkeyPro-Charger-Dock-USB-Sync-Adapter-Station-Desktop-Mobile-Smart-Phone-Charging-Device-For-Apple-iPhone/32620744417.html?spm=2114.13010608.0.0.xE4Jr>

also for me they did free shipping..

?

Sorry for my shitty english

What's the operation like? Does it overheat at all? I had a cheap one I got last year that literally got so hot it reshaped itself lol so don't wanna make that mistake again, but if you're saying it's a good product I may get a couple for myself and a friend.

Could you imagine if the dock had malicious code inside it?
