Shingeki no Bahamut: Virgin Soul Rage of Bahamut: Virgin Soul

Synopsis courtesy of ANN

Mistarcia is a magical world where humans, gods, and demons mingle together. In the past, the black-and-silver winged Bahamut has threatened to destroy the land, but humans, gods, and demons overcame their differences to fight together and seal its power. The key to that seal was split in two, one half given to the gods and the other to demons, so that they would never be united and Bahamut never released. Now, two thousand years later, the world is in an era of peace - until the day a human woman steals the gods' half of the key.

I hope this is as good as the first one. There's also a [short story](#) that occurs between this and Genesis, perhaps some sort of bridge.

This anime is the shit. I hope S2 will be as good as S1.

I wasn't even considering this anime, but I will definitely give it a look now.

Hope they don't overdo the CGI like in S01.

Based on the first episode, there seems to be more, but its so HQ that I do not mind one bit.
