I'd bid a lot more than the people above me if I was guaranteed 6 months - 1 year and was allowed

sell buyins. Lmk.

There's no such thing as a guarantee when it comes to sales on HF. I was guaranteed a year leadership spot in illuminati 3 months later I'm out of pocket by \$410.

Glws tho OP

lol I think there is a small chance of Black Shadows script winning. Certainly higher than making a successful deal with bandors.

Good luck to the OP .. sounds like a nice opportunity.

Nothing wrong with selling a leadership spot when there's no difference between leader and ownership except being able to moderate the SF, which you get with this deal anyways.

Best of luck w/ sales.

Take it to PMS, you're making this thread full of clutter.

GL. Royalty is a good group and this seems worth it to whoever purchases.

You can pay like 25 dollars and get moderation of a group also as a leader.
