Can't wait for this to be subbed, I know a few of you out there are looking forward to this. I hope this isn't the last anime adaption for such a great series, but definitely looks like it considering the manga was named Extra game and the anime movie is Last game. Regardless, this animation quality looks great.

Pretty sure everything has already been adapted, so rip

Still sad to see a good series end

Prob a few months for it to go on Bluray/Dvd, then a few weeks for translations? A lot of devoted fans to the series so I'm sure right after the release there will be vids up.

Vs. a super famous American Streetball team that rivals some pro at a pro level. Basically those Streetballers made huge claims about all Japanese people attempting to play Basketball should just kill themselves, and so the generation of miracles gathered to prove that their way of playing basketball isn't wrong.

Does anyone of you has a copy of the movie? I'm itching to watch. I've been searching but can't find a copy.

I fucking loved kuroko no basuke. I really hope a season 4 gets released. Kuroko no basuke got

right what some of sports anime get wrong with story development which made it exciting to keep revisiting in the following sequels of the anime. Im hyped
