1. Make sure that you are using airtelgprs.com as the default apn in your android device.

enter any of the following on Proxy server

one.airtel.in [recommended, first try with this]

airtellive.com

buddies.airtelmoney.in

airtel.in

Enter any of the following address on real proxy server

110.3.114.243

220.83.91.45

183.111.169.202

221.131.112.123

enter real proxy port: 80 or 8080

Save watching a pointless video..
