I use WayBackMachine just for fun! It's a really cool internet archive. I haven't been on HF long and wanted to see how far back this site went.

Brace yourselves...

I mean holy cow those images look ancient. Older than some of the people on here probably...

When did you join HF?

You can see the archive here;

If only Omni knew 10 years from then how big the site would be

It's pretty crazy

You can find a lot of interesting sites with the WayBack machine. I've used it to restore websites before and it works pretty well.

He knew.

Omniscient = having complete or unlimited knowledge, awareness, or understanding;perceiving all things.

Made my original account in 2009. Lost my deets and the email (fuck you Hotmail). Made this one in 2011.

Sites gone through quite a few revisions but I'd say the original concept is still intact.

So Omni is an extra terrestrial space god with unlimited knowledge?? He could be controlling our brains as we speak ?

I've seen quite a few of these threads, but it's still cool to glance back into the past.
