Thread: [Four Years | Vanilla](#)

Deathy - April 15, 2017, 8:14 pm

Introduction

Welcome to my four year feedback, it feels a long time ago since I first registered here when I was 15, I was introduced to the site back in 2011 by someone I met online, after I was keylogged on an MMO chatroom, in 2013 I remembered this incident and decided to learn more about keylogging, this is where I found out about RapZo Logger (I believe that's what it was called), I then discovered the marketplace and decided to buy the reputable Limitless Logger, I had hours of fun using this. Around a week or so later I dived into the other sections, the community seemed welcoming and the people I'd gotten to know were always there if I needed help, subsequently, I decided to upgrade to L33T; during this time I didn't do or contribute much.

I'd been a lurker for a while, just boosting my post count and trying gain some rep, it was then I decided to apply for Ub3r, honestly not expecting to get accepted, but then a few weeks later I received the email from Omniscient stating that I'd been approved, I upgraded straight away.

Since then I feel I've made a name for myself, most people know of me, at least in my opinion.

Groups

I don't remember every group I've been in, so I'll just briefly go over the notable groups or the one's that I feel made an impact in one way or another.

Complexity - This was my first ever usergroup, Judge Dredd was offering buy-ins and I wanted to experience what it was like in a group, back then, groups were much more respected in my opinion.

Infamous v2 - As I bought into Complexity, I was allowed to stay during the rebrand, I don't remember much but there were some nice members.

The Brotherhood [2013/2014] - This was the first group I was apart after applying via recruitment, I was in the graphics sector (I believe), and I learned a thing or two.

Apex - One of my favourite groups, the group was fairly inactive for a while but we had huge plans for the future but sadly Goat had to sell, but I met so many people whom I'm still in contact with today.

The Order - Was accepted to for the Gambling sector, but it was a dead SF. Lounge group, great for boosting your post count.

Legends - Was excited when Raymond invited me, but the group was completely dead, ra1d and

Adam were made leaders and everyone expected changes, but nothing happened.

Equilibrium - Have a lot of respect for Soulmate and his usergroup, I always knew he'd be doing big things on HF, was so glad I got to be apart of Equilibrium.

Dawn - Currently my favourite group, everyone in the group is so friendly and easy to get along with, we're all learning new things too!

Notorious - Great group, has a few projects going on as far as I'm aware.

Sections

Marketplace

I'd say I'm most active in this section, whether it be looking at what people are selling, or enjoying the drama. Sadly, I haven't had the best of luck when it comes to deals of my own; I've been scammed a fair few times.

The Lounge

I don't mind The Lounge, it's sometimes just nice to sit back and see what some of the user's are up to, but it's safe to say that on occasions, the section is plagued with trolls.

HF News

I post in the Weekly Reports as often as I can, but I love browsing this section, keeping up to date with the happenings of both the site and its users is something I find interesting.

Members

Omniscient - We've most certainly had our ups and downs, I've definitely made a habit of sending you irritating PM's in the past, sorry about that, I'm glad you liked the video I sent you that got me the Drunk award. Like everyone here, we can't thank you enough for creating such a great site and bringing such a large amount of people together. I hope you still enjoy my drunk award video.

Minimalist - You and I haven't spoken very much, but when we have, you've always been pleasant. I think most people knew you were eventually going to get Staff, and so far you've done an amazing job; props to you!

King of Hearts - My go-to staff member, whenever I've had an issue in the past you were always the one I'd PM, and you'd respond very quickly, thank you for that. You seem like a genuinely nice person.

TheChief - One of my closest friends on the site, you've been there for me through some difficult times which I can't thank you enough. I know you're going through a lot of stuff right now, I hope everything resolves itself.

Night Fury - You'll not meet a nicer person on this site than Night Fury, I've never had quite a connection with anyone on HF like I have with you, we've had some pretty deep discussions on Skype. I feel like we're close and I'm glad we're friends.

ra1d - Ahhh, you Danish fuck, I love you like a brother but you and I like to argue, everyone in Brusk's Discord can vouch. You were there for me when I needed you and I can't thank you enough for that.

Egregious - If it wasn't for I don't think I would have ever even bothered to apply for Apex, your Skype chat is the reason all of us are still in contact. You're genuinely one of the nicest people I've spoken to.

TopKekeroni - Will never forget when we Skype'd over a year ago, legit spent the majority of the time making waffles.

Ninetales - Ah Ethan, will never forget that time you video called me showing me the Razer stuff, shirtless. I appreciate the help you gave me when I was receiving that stuff, you're also fun to play CS:GO with.

Brusk - BEN ZONA, your Discord has allowed me to meet a lot of new people. Also you like tea, so I like you.

Stoke - Wagwan piff ting, been through thick and thin with you, I see you as a close friend man, although we haven't spoken all that much recently. <3

Shay - H1Z1 brother, shared a lot of funny moments with you on Discord.

IPIKIN - My dude, you were there for me when I was going through some real shit, and for that, I cannot thank you enough.

Vyrez - Marketplace Lord, never really saw eye to eye with you, but when I actually started talking to you I found out you're a down to earth guy who I get along with.

heartthrob - I think it's so amazing how open you are with your pansexuality!

If I forgot to give you a shoutout, I'm sorry. PM me and I may add one of you. ?

Anyway, here's to another 4 years!

Egregious - April 15, 2017, 8:16 pm
