Don't need to pm anymore , I can't pm 20+ people everyday , here it is guys-

Earning from Youtube with Traffic Exchange

I am gonna share an very informative guide with you which I am writing my self, today we are going to learn how to ACTUALLY earn money from YouTube with Traffic Exchange.

What is Traffic Exchange ?

A traffic exchange is a type of website which provides a service for webmasters in exchange for traffic. It is similar to the autosurf concept with the exception that traffic exchanges usually use a manual rotation.

The method doesn't require you to post Quality videos, you can upload a video of your cat and still earn money.

HOW TO-

First of all you need to create a YouTube channel , if u don't know how to do that then sorry leave now and u are way too DUMB to use this, for the other side of people (average intelligence one) continue reading

After you have made a Youtube channel , you need to upload videos to it , you can upload any stuff as long as it's not copyright, usually I would prefer uploading your own gameplay videos, u don't need a powerful for that just record some gameplay of online Flash games.

Upload a tleast 10 total videos of 10 min of Length each.

After you have done that you need to register at Traffic Exchange Sites, there are many Traffic Exchange sites but I mainly prefer Websyndic as you can hide referrer which will be useful.

Make an account at Websyndic or any Traffic Exchange and run their bot , how traffic exchange sites work is that u receive hit for a hit. The bot runs on your PC and automatically visits sites of other's . Earn some points by running the bot and we will be needing those to send HITS on our videos.

Paste the links of your videos on the Traffic Exchange site you are using , Remember to HIDE refer so that youtube doesn't come to know that you are using T:E sites"

Buy some fake subs or use those sub-exchange sites (this part is required) , you need at least 1000 SUBS.

Now you need to apply with Parthnership networks like BBTv AND FULLSCREEN

Req- 10k Views (use T:E sites as I have taught you)

Subs - 1000 subs atleast (BUY THEM OR SUB EXCHANGE THEM)

If u fullfill these requirements you will be accepted by the networks .

DONT USE ADSENSE AS YOU WILL BE CAUGHT BOTTING VIEWS, only parther with Networks, they will take 30% of your earnings but you are safe from getting caught by youtube.

Method works as I have personally used it , trust me it will reward you for your work.
