I was messing around MAL when I stumbled upon this:

https://myanimelist.net/anime/32900/Mahouka_Koukou_no_Rettousei_Movie_Hoshi_wo_Yobu_Shoujo

So apparently we'll be seeing more of this cold heart OP MC again ??

What do you guys think?? I was actually looking for season 2, but if the movie turns out good I wouldn't mind.

It's an original story created by the author so who knows what to expect, but it's a sequel so possible season 2 in the future who knows. Was gonna say it's by Madhouse, but turns out the movie is done by 8bit so

I learned not to have any expectations or I'll get super disappointed if it flops

To be honest... I never check who makes the series XD too lazy for it.
