Not a bad investment. \$1/month.

Thanks for the share OP. May buy one of these if I have spare cash.

Thanks for the share.

Was going to buy but I need a wireless.

Cool99 - April 11, 2017, 9:23 pm

waste of money buying that garbage it'll break within 2 months or less, either the wire will become loose or the mouse button itself is broken.

One of these lasted me over a year when I wasn't so rich, but the quality assurance inspection in the warehouses in China aren't so great, so your luck is random I guess in what you receive.

Buy a ryzer for 70\$ = the best mouse.

RbK. - April 23, 2017, 5:11 am

I have buy one, thank's op

xyzaaasa - April 24, 2017, 6:22 pm

Not sure how they make these so cheap! Might have to grab me one just for back up purposes.
Thanks!! :)

Just buy from ebay or purchase from the non referral link

http://www.gearbest.com/mouse/pp_336193.html

This looks like any \$1 ebay mouse

notdbc - April 26, 2017, 2:13 am

smells dropshipping material here , yum yum.

StubzBK - April 26, 2017, 4:11 am

they look really cool and everything, but the build quality is horrible and it breaks after a month or two or normal use.

Vexy_z - April 26, 2017, 6:18 am

I grabbed one because why not ;)

Rangers. - April 29, 2017, 2:17 pm

I have this mouse and its worth more than a \$

radicalxfrosty - April 30, 2017, 1:14 pm

Thanks for sharing,
ez mouse for emergency moments haha
