PTSD

<https://hackforums.net/member.php?action=profile&uid=3339955>

Programming

<https://hackforums.net/member.php?action=profile&uid=1931708>

Lets start with their name

<https://hackforums.net/showthread.php?tid=5595483>

This link

<http://drd.sh/yHcAhJ/>

provides that his name is Anthony Cugat

Programming name was also Anthony

<https://hackforums.net/showthread.php?tid=4521541&pid=43166658&highlight=Anthony#pid43166658>

Now lets go even further and search FB

Both live in Arizona but lets look into this site of his.

amphetame.me

and lets take a look at the user Alteras <https://amphetame.me/profile.php?user=1>

He's the "owner" but where else did I see that name?

Ah yes from this thread

<https://hackforums.net/showthread.php?tid=5491432>

But how are the user Alteras and PTSD tied? Well lets visit PTSD forum and domains for sale.

<https://hackforums.net/showthread.php?tid=5593658>

Alteras is also selling that dox domain.

off another site

You know what lets just whois this domain, that sure would be enough.

https://www.godaddy.com/whois/results.aspx?recaptchaResponse=03AOP2If4L8x-hiz5a5nKNMimQv9pIMy1klX72gXZVUAZHvLoCXD79fFoIXnv2_VvxaI2HWf7HEVaLgYniCMen5hNDpa_5Wy5ogP6dJGYU37og-KVAqxMwFb1DKKUtRuZTgO8gyph0QeNLay8op2AfYYfTnsEwyX9SuUQv_FIP2E5pJOYSMqGQE62DwP4UO8JZBv5EDBYSaJ5k7-0dLAM1sHPSXHTTr_JcvLdk30IVKxnpdbhAkQR8Chsegm3oNVStYsi65_POT6JRLonXDkficf2oJH5M7nLqiOfUrBBhrJu2tKq0Dz6vCoj1af_HMZwhvu-1uGJ8Mfv_JdyA60AKA-i8OTk_afzlqi_aT80GYVQk9GDpG_YmRqV1I51sTxe5b6xPM76uQTJ_YKvbm6volDe53D0hEqCZjZg&domain=doxed.us&prog_id=GoDaddy&pl_id=1

Programming Skype was itsmagnus

<https://hackforums.net/showthread.php?tid=4689439&highlight=itsmagnus>

But to go even further lets get a picture of Programming and match it with this FB account based off facial features

<https://hackforums.net/showthread.php?tid=4808694&page=4>

Which provides this screenshot

Also gives you a insight off the drama he had on this site but Alteras had this past experience.

Oddly enough that domain has been in the hand of multiple of his multis

<https://hackforums.net/showthread.php?tid=5049999>

and the hands of this guy.....

UID for this user

<https://hackforums.net/member.php?action=profile&uid=3462434>

He even +1 PTSD

<https://hackforums.net/reputation.php?uid=3339955>

I have been holding off this information for a while and this will allow others who are better at this to have some of the info I found. There's some other info I have but I won't be posting it on here.

Maybe this isn't enough info but it's enough to get the ball rolling.

Now lets play some Accomplishment music

I was a member at the site that clones this site. Been there for a long time so I grew to know who programming was and on my old HF (Yes I am one of HF known multis) account I actually supported him. It was until I found out he was a mentally unstable kid and has ban happy fingers to ban anyone because he was admin. Grew my suspicion when the site was getting "hacked" and PTSD happened to be selling a backdoor for a MyBB hacking forum. I know HF members who has helped him here but I do not have enough proof for that and won't be posting their UID. Just keep in mind most members at this clone site are in it.

Not sure about anything else but you have surely invested damn too much time to investigate this.

Hello Izuku Midoriya asked me to post this so here it is... I guess he was unable to post here since hes been repkilled.

"Alright came home after being out of town for a week to see all this and that I'm repkilled.

I'm not a Multi, I know Alteras, he's the one that got me into pentesting and shit and why I'm here now pretty much.

The thread I made about doxed.us? I was trying to flip the domain.

Conversation when he was selling the backdoor to a hacking forum.

Spoiler ([Click to View](#))

I got Mr. Source to do it since I can't as when repkilled/post banned."
