For those of you that may not know, Erza Scarlet is from Fairy Tail.

I've been binge watching Fairy Tail (Watched 131 Episodes in 5 days)

I don't like coloring, and doing shadows is sort of hard for me, but here it is:

Hands are also shitty.

Not a bad drawing at all. I can definitely tell you aimed to draw her.

Dude, that's a really dope drawling. I would pay some money for a copy of that.

I was hooked on Fairy Tail too; I just hated how every anime makes it awkwardly sexual.

I watched all of fairy tails episodes in 2 days, soon I found it I binge watched it for 24 hours was amazing. Rewatched it 2 or 3 times both seasons.

I was never any good at drawing, but my Dad let me have his drawing tablet to use with my Manga drawing software.

I suppose it's never too late to learn.

In the world of anime, anything is possible. You just have to believe it.

I'd assume you have at least some drawing skills though. I haven't picked up a pencil in a while so that's why it might seem hard to do.
