Thread: [best herding botnet](#)

Gage8910 - April 18, 2017, 2:07 am

Hey I am looking for the most stable botnet for herding, im looking for 5-10k+ bots to hold for mining, also feel free to leave the best hosts and miners also :)

Goldmouth - April 18, 2017, 5:33 am

Gaudox 1.4 by far. Expensive but well worth.

PeaceWarrior - April 18, 2017, 6:50 am

Quant loader is the best in my opinion.

- + low binary size(7,5kb)

- + native(coded in c++)

- + with good encryption, survives bb botkiller.

Its currently being sold in exploit im forum.

ChnK - April 18, 2017, 8:53 am

bb, zyklon loader, smoke loader. They need to be legit and not cracked. (I'd use smoke)
