Considering the large flashing "DO NOT BUY EBOOKS" in your signature, I wouldn't purchase it.

M?xim - April 19, 2017, 6:26 pm

But your signature says "Do not buy ebooks" and you want us to trust your ebook?! Halp.

Regulus - April 19, 2017, 6:26 pm

You should probably provide some more information regarding it

- #1: Blackhat / Whitehat?
- #2: Investment?
- #3: Knowledge required?
- #4: PayPal Account (or any other) required?
- #5: Works worldwide?
- #6: Gambling?

There's probably tons of more questions.
